

How to Study the USA Learns English Courses

These instructions will teach you how to successfully complete the **English courses** ([/free-online-english-courses](#)) in USA Learns. You will learn how to use the menu pages, how to move from one activity to the next, and how to read your scores.

After you register and select the English course you want to study, you will go to the course's first Menu page. What should you select first? It's always a good idea to start at the beginning! (These examples are from the 1st English Course, but all of our courses work in a very similar way.)

Your Scores

On the Unit, Topic, Lesson, and Activity pages there will be a column named 'Completed?' and a column for your 'Score.'

These columns tell you which activities you have started or completed, and your scores. You will see boxes, lines, dots and scores. What do these symbols mean?

The 'Completed?' Column:

- = The activity is complete.
- = The activity was started, but not completed.
- = The activity was not started.

The 'Score' Column

- = This activity is not scored.
 - = This activity is scored **after** you complete it.
- A number (%) in the Score column means you completed the activity, and that % is your score.

What if you want a better score?

You can repeat an activity as many times as you want. Studying the **English courses** many times is an excellent way to get more practice and improve your English skills.
